DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 05 June 2006 has been entered.

Allowable Subject Matter

2. Claims 12-41 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding independent claims 12, 13, 14, 27, 27, and 29, the prior art of record neither shows nor suggest a method of producing a light-emitting device comprised of, in part, the light-emitting film forming step, the conductive film forming step and the insulating film forming step are carried out while holding a substrate having the electrode in a manner that an angle subtended by a surface of the substrate and the direction of gravity is within a range of from 0 to 30 degrees, along with the rest of the limitations of the claims.

Due to their dependency, claims 15-26 and 30-41 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
